ENVIRO TAB™  
FOR CLEANER AIR, WATER & SURFACES™

10g  
TABLET

## PRODUCT DESCRIPTION

The **Envirotab™** tablet is one of the most versatile products ever created. By simply dissolving it in water, **Envirotab™** can generate a powerful decontamination cleaner, a mold/mildew remover, and a deodorizer that actually deodorizes, all in one!

Using **Envirotab™** is simple. However, it is very important that it is mixed at just the right strength for the job, so pay careful attention to the mixing and use instructions on the opposite side of this container. As always, **fully familiarize yourself with the Safety Data Sheet (downloadable at synergy-americas.com) and use the specified Personal Protective Equipment before using any chemical.**

When mixed with water, **Envirotab™** generates a powerful gaseous molecule called Chlorine Dioxide. Although it has been proven time and again to be the product of choice for cleaning and purifying air, water and surfaces, **Envirotab™** tablets focus on Chlorine Dioxide's ability to clean.

## SAFETY & FIRST AID INFORMATION

**Envirotab™** tablets react with even the smallest amount of water or moisture. The foil pouches must not be opened until ready for use. **The tablet should not be handled with unprotected skin and must be added to the water, NOT the water to the tablet.** Eyes should be protected and the fumes emanated during the generation process, or by the solution itself, should not be inhaled.

**If solution or powder is on skin:** rinse quickly and copiously with water. Consult a physician if any irritation or rash develops.

**If in eyes:** rinse quickly and copiously with water and consult a physician immediately.

**If ingested:** drink copious amounts of water and consult a physician immediately.

## INSTRUCTIONS FOR USE

**Mixing:** The tablet should not be handled with unprotected skin and must be added to the water, NOT the dry tablet. Add the tablet to the water and allow 3 to 4 minutes to dissolve. Swirl gently to homogenize the solution.

**A powerful and convenient product for generating ready-to-Use Chlorine Dioxide on location at any jobsite.**

**WASHING TOBACCO FROM WALLS & TRIM**  
Mix and apply to any interior hard surface caked with the tar or smoke residue from tobacco or cannabis. Add 8oz of Soil Break for increased detergency & vertical surface cling. Wash with microfiber cloths and mops after dwell-time.

Tablet(s)	Water	Container	Dwell-Time
1	2 Gal	Pump Sprayer	4 minute

**PRE-TREATING ODOROUS CARPETS**  
For application to badly odorous carpets, curtains, upholstery ahead of wet extraction with Synergy Capture. Add up to 4oz of Soil Break for detergency.

Tablet(s)	Water	Container	Dwell-Time
1	2 Gal	Pump Sprayer	10 minute

**DEODORIZING GARMENTS & SPORTS GEAR**  
Place items to be deodorized loosely into a tote. Add 4oz of water to a Synergy Dual-Use Dispenser, add tablet and seal tote. Check for colorfastness.

Tablet(s)	Water	Container	Dwell-Time
1	4 ounces	Up to 40 Gal Storage Tote	4 hours

Recommended Supplemental Products

Keep out of the reach of children; do not expose to heat or intense direct sunlight; store in a cool, dry location.  
**Do not ingest the tablets.**
